HP EMEA UPS Power Cord and Jumper Cord Matrix

* Following HP UPSs are shipped with IEC C13 to C14 power (jumper) cable: T750, T1000G2, T1500G2, R1500G2 & R3000.
The customer could use the local power cord (which is shipped with the servers) for the UPS and could use the C13 to C14 (jumper) cable (which is shipped with the UPSs) to connect the server to the UPS. If a local power cord is needed, see Power Cord matrix link.

**All countries will receive the mainland Europe power cord, unless the country is spefically noted on this chart.

HP UPS			Power Cable - Input and Output				
UPS Model	HP Part number	Country	Input Power Cable attached to UPS	Input Plug-Connection to UPS	Output Plug - Connection to wall (source)	Jumper Cord shipped with UPS	Quantity
T750	378439-B31	Mainland Europe (Germany, France, …)	No	IEC C13	IEC 83 C4 (CEE7-VII) / Schuko	IEC C13 to C14* -2m	1
